Sharing Information on Progress

UN Principles for Responsible Management Education (PRME)

This is our Sharing Information on Progress (SIP) Report on the Implementation of the Principles for Responsible Management Education
August 15, 2016

FRME Steering Committee \textit{c/o} Dr. Jonas Haertle
Head PRME Secretariat at United Nations Global Compact Office
DC2-612
2 United Nations Plaza
New York, NY 10017, USA

Dear Dr. Haertle:

We hereby reaffirm our support of the Principles for Responsible Management Education by submitting the Elon University SIP report and renewing our commitment as a PRME signatory school.

By renewing our adoption of the Principles, Elon University and Elon’s Love School of Business continue to engage in the application of the Principles, to share information on progress annually, and to contribute to the learning experience of the academic institutions participating in the PRME worldwide.

In particular, the Principles serve as our framework of continuous engagement

- to develop the capabilities of students to be future generators of sustainable value for business and society at large and to work for an inclusive and sustainable global economy (Principle 1 - Purpose)
- to incorporate into our academic activities and curricula the values of global social responsibility as portrayed in international initiatives such as the UN Global Compact (Principle 2 - Values)
- to create educational frameworks, materials, processes, and environments that enable effective learning experiences for responsible leadership (Principle 3 - Method)
- to engage in conceptual and empirical research that advances the understanding about the role, dynamics, and impact of corporations in the creation of sustainable social, environmental, and economical value (Principle 4 - Research)
- to interact with managers of business corporations to extend the knowledge of their challenges in meeting social and environmental responsibilities and to explore jointly effective approaches to meeting these challenges (Principle 5 - Partnership)
- to facilitate and support dialogue and debate among educators, business, government, consumers, media, civil society organizations, and other interested groups and stakeholders on critical issues related to global social responsibility and sustainability (Principle 6 - Dialogue).

Sincerely,

[Signature]

Leo M. Lambert
President

The 2014-2019 Strategic Plan of Elon University’s Love School of Business states the following Vision, Mission, and Values:

**Love School of Business Vision:**

We will prepare our graduates to lead extraordinary lives – with the skills and aspiration to make the future better for the organizations and communities in which they serve.

**Love School of Business Mission:**

We are leaders in the design and delivery of transformational educational experiences through engaged learning, excellence in teaching, mission-driven applied and pedagogical scholarship, and service, with a rigorous program of study that produces graduates able to provide principled leadership in the global community.

**Love School of Business Values:**

**Excellence.** We believe in the value of intellectual curiosity, rigor, critical thinking, and a shared commitment to excellence in teaching, scholarship, and service that makes a difference in the lives of our students and our community.

**Community.** We believe in the value of an inclusive community and respect the importance and contribution of all. We believe in a culture of service and collaboration and value stewardship, honesty and fairness, and we strive to ensure that these values guide our words and actions.

**Transformation.** We believe in the transformative value of the liberal arts combined with a cutting edge business education in providing the skills, values, and the vision that will enable our graduates to become leaders in the global community.
Since March 2009, we have been recognized as a PRME signatory school. In 2012 and again in 2015 Elon University received a STARS Silver Rating (Sustainability Tracking, Assessment & Rating System) from the Association for the Advancement of Sustainability in Higher Education (AASHE).

The Love School of Business supports ongoing Elon University-wide initiatives as part of the University’s master plan for sustainability. The University Sustainability plan covers education and research, operations and planning, administration and engagement. Student-, faculty- and staff-led initiatives include promoting recycling, energy conservation (including geothermal wells and achieving carbon neutrality), alternative transportation, and community engagement.

The Love School of Business faculty were major contributors to teaching and conducting research that address our commitment to strengthening the culture of ethical, moral, sustainable, and socially responsible decision making.

The following provides our progress information during 2015 – 2016, covering the areas of academic curriculum, co-curricular activities, and research (PRME Principles 1-4); and partnerships and dialogues with other interested stakeholders on issues related to local and global social responsibility, and sustainability (PRME Principles 5 & 6).

Elon University’s Love School of Business

2016 PRME SIP Report

- The Love School of Business Assurance of Learning Process includes course assessments of Corporate Social Responsibility Awareness.

  - Learning Goal: Students will demonstrate the ability to recognize the underlying ethical, legal and sustainability implications inherent in business situations and apply that knowledge to make responsible decisions.

  - Objectives: Students will be able to:
    - Recognize the ethical dilemmas in a business situation and recommend courses of actions to address the issues.
    - Identify legal issues in a business situation and develop strategies for compliance.
    - Recognize the environmental and social impacts of business decisions and recommend appropriate sustainable practices.
• Examples of Love School of Business course-embedded values of sustainability, corporate citizenship, and the values of global social responsibility.

• Legal and Ethical Environment of Business.
• Accounting, Finance, and Economics: triple bottom-line reporting, corporate governance, full cost accounting, and ethical financial behavior
• Operations Management and Supply Chain Management.
• Marketing: applying marketing principles to environmental and social issues rather than sole focus on profit maximization, e.g., alternative fuels and packaging, and recycling.
• Professional selling: ethics of entertaining clients/partners.
• Management & Organizational Behavior: ethics, corporate social responsibility and sustainability.
• Strategy: sustainability/ ethics practices and issues
• Innovation & Social Entrepreneurship: cases and competitions.
• MBA Ethics Inventory: assessments and exercises focusing on ethical and societal implications of organizational decision making.

• Sustainability-Focused or Related courses:
  • Business in the Caribbean: The Cayman Islands (Study Abroad)
  • Conducting Business in the Pacific Rim (Study Abroad)
  • Microfinance, Ethics and Sustainability: Peru (Study Abroad)
  • Entrepreneurship for the Greater Good
  • Sustainable Enterprise Management
  • Gender and Development
  • Environmental Economics
  • Economic Growth and Development
  • Health Economics
  • Urban Economics and Planning

• Faculty advisors of Honors and Independent Student Research Projects:
  • Honor thesis: Exploring millennials‘ social media usage and green/sustainable consumption.
  • Accounting: Research focused on using the Dow Jones Sustainability Index to assess an organization’s sustainability and corporate responsibility effort.

• Examples of co-curricular activities that develop the capabilities of students to be future generators of sustainable value for business, society, and the global economy.
  o LSB sponsorship of Paul Saginaw, co-founder and co-owner of Zingerman’s Deli (Ann Arbor, MI), recipient of Bon Appetit’s Lifetime Achievement Award for employee relationship philosophy, the environment and commitment to the local community food movement (2014).
- LSB co-sponsorship of Elon’s April 2015 Earth Day speaker, Danielle Nierenberg, president of Food Tank, an organization that draws attention to environmentally, socially and economically sustainable ways of alleviating hunger, obesity and poverty.
- LSB co-sponsorship of Elon’s April 2016 Earth Day speaker, Eileen Claussen, founding president of the Center for Climate and Energy Solutions: “Tackling Climate Change.”
- LSB co-sponsorship of Elon’s Periclean Class “People Planet Profit Business Summit” (2016).
- “Fight for freedom in Ukraine” – Investigative journalists from the Ukraine provided insights on the current situation in Ukraine, the prospects of returning Crimea back to Ukraine, their experiences in fighting corruption in Ukraine (2016).
- LSB – Ethics Town Hall: “All the Queen’s Horses”. Documentary about the largest ($53 million) US municipal fraud in US history (2016).
- Student annual participation in national and international business case competition programs, including the International Dalhousie Ethics Case Competition, the Eller Ethics Case competition, and the Elon-Deloitte Ethics Case Competition.

- Examples of educational frameworks, materials, processes and environments that enable effective learning experiences for responsible leadership.

- The Doherty Center for Entrepreneurial Leadership focuses on experiential education, teaching entrepreneurial thinking and preparing students for success as business and social entrepreneurs. The Doherty Center positions students for success in the pursuit of exceptional economic and social progress on a global scale.
- The Elon University Medal for Entrepreneurial Leadership is awarded annually to a business leader who epitomizes the values of Elon University. Recent recipients have included:
  - Mohammed Yunus, founder of the Grameen Bank and Nobel Peace Prize winner
  - Patrick G. Awuah Jr., President of Ashesi University in Ghana
  - Guy Harvey, marine wildlife artist who uses proceeds to support marine wildlife conservation and oceanic research projects
  - Alexander Julian, major award winner as a Fashion and Furniture Designer
- Creation of an Entrepreneurship Major and Minor which includes a course, “Entrepreneurship for the Greater Good”. The course provides students with an inside view of how entrepreneurial thinking about triple-bottom line endeavors (economically feasible, socially beneficial, and environmentally positive) can be applied in many environments, including sustainability, social ventures, nonprofits, corporate ‘intrapreneurship’, investment firms, and new ventures. Recent activities included vertical farming and campus food collections.
The LSB Shanghai, China Center Abroad: students completed a social entrepreneurship plan and helped implement strategies to assist struggling Shanghai business vendors grow their businesses.

The LSB Honor Roll for Social Responsibility was established in 2012 to recognize undergraduate business students who volunteer in our community and complete at least 20 hours of confirmed community service for a non-profit organization or for an organized community activity during fall or spring semester. 86 students joined the Honor Roll in 2015-2016; the total number of Honor Roll members is now 342 students.

Incorporating Business Ethics and Sustainability into a Legal Environment course.

Supply Chain Management case studies of Asian approaches to ethical and quality management.

Operations improvement projects for companies, including Luxfer, Sandvik, LabCorp, Carolina Biological Supply, Aramark.

Management of Sustainable Enterprises. Students worked with North Carolina stakeholders who are developing an NC “Bio-Generative” Economy. Student research focused on the feasibility of introducing industrial hemp to NC agriculture, manufacturing, and consumer markets.

Integrated Marketing Communications and service-learning engagement.

Examining Sustainability as an Innovation Driver for Local and Global Enterprises.

Panel discussions with local entrepreneurs, focused on innovation and sustainability.

Across the LSB curriculum: cases, videos, speakers, podcasts, and skype talks on ethics, CSR, and sustainability in national and international business, e.g., Interface Carpet, Wal-Mart, Malden Mills, Nike, Tom’s Shoes, Tom’s of Maine; and conducting Triple Bottom Line Analysis and Life Cycle Analysis.

Research: the LSB faculty engage in conceptual and empirical research that advances our understanding about the role, dynamics, and impact of corporations in the creation of sustainable social, environmental and economic value.

Examples of faculty presentations and publications since 2012:

• Manring, S.L. (2014). The role of universities in developing interdisciplinary action research collaborations to understand and manage resilient social-ecological systems. Journal of Cleaner Production, 64, 125-135.

• Tolmie, C. and Coble, K. (2014). “We are the Good Actors, You are What’s Wrong with the World: Viewing CSR through Diverse Cultural Backgrounds”. Presented at the Academy of International Business Southeast Conference (2014).
