

PRESIDIO
GRADUATE SCHOOL

September 19, 2014

Presidio Graduate School remains committed to the Principles of Responsible Management Education.

PGS's mission is to educate and inspire a new generation of skilled, visionary and enterprising leaders to transform business and public policy and create a more just, prosperous and sustainable world. Through innovative professional degree programs, Presidio activates students and professionals across a range of disciplines, industries and sectors to bridge the gap between commerce and the common good.

In fulfillment of that mission, PGS delivers MBA and MPA curricula that incorporates sustainable development principles into every course, and integrates sustainable development themes throughout these courses. The institutional learning objectives of the institution are entirely predicated on sustainable development, with an emphasis on applied, experiential learning for real-world impact.

Our major accomplishments within the last two years includes the Western Association of Schools and Colleges' *Senior College and University Commission* voting to grant PGS Initial Accreditation, testifying to PGS's fulfillment of its mission. We continue to train and graduate MBA and MPA students each year who go on to take Responsible Management positions at companies, ventures, government agencies, and in the Bay Area and beyond.

We intend to continue improving and delivering our MBA and MPA programs in sustainable management indefinitely.

A handwritten signature in black ink, appearing to read 'W. Shutkin'. The signature is fluid and cursive, with a large initial 'W' and a long, sweeping underline.

William Shutkin
President and CEO
