Sharing Information on Progress (SIP) Report Update

As an institution of higher education involved in the development of current and future managers, The University for Peace is committed to implementing the Principles for Responsible Management Education, and furthermore reporting on this through a Sharing Information on Progress (SIP) Report at least once every two years. The SIP Report will detail specific actions or events at our institution related to the Six Principles of PRME.

Due to changes in Staff and re-structuring of the University, our institution was unable to submit a SIP Report before the deadline date. We understand that our institution is currently listed as non-communicating and at risk of delisting.

However, we endeavour to submit our SIP Report by February 1st, 2017 and remain engaged in the PRME community.

Alonso Muñoz Solís
Assistant Professor and Responsible Management and Sustainable Economic Development coordinator
Department of Environment and Development
