

PRME Working Group on Climate Change and Environment Global Repository – Discipline Coordinator

A coordinator for the PRME Working Group on Climate Change and Environment' Resource Repository oversees a discipline field, e.g., accounting, management, entrepreneurship. The responsibilities of the coordinator include:

- Reviewing and updating materials on the repository within your discipline field on at least a quarterly basis, following the agreed format;
- Coordinating interactions among individuals who serve as “developers” in that specific field of the Repository; and
- Following up as appropriate on additional sources of materials and/or contacts including subject matter experts specifically related to that discipline

The coordinator may design their repository within the agreed format along with presenting webinars, regional events, and other activities as they see appropriate to share discipline knowledge and best practice.

Please contact petra.molthan-hill@ntu.ac.uk if you are interested in becoming a Coordinator in your discipline field.
