

May 2011

Dear PRME Participant,

Before the end of the semester descends upon us, we would like to take the opportunity to remind you to register for the 2011 [PRME Summit](#), hosted by EFMD and GRLI in Brussels, Belgium on 7-8 June.

The planning committee has done an excellent job in putting together an invigorating program with representatives from prestigious business schools and companies from around the world. The following business speakers will present at the **PRME Summit: “Embedding the Principles for Responsible Management Education in Support of the Corporation of the 21st Century”**

- **Sir Mark Moody-Stewart Sir Mark Moody Stuart**, Chairman, Foundation for the Global Compact, UK
- **Nick Main**, Global Managing Director, Sustainability and Climate Change Services, Deloitte Touche Tohmatsu Limited
- **Josef Winter**, Siemens AG, Chief Compliance Office
- **Olivier Marquet**, Chief Executive, Triodos Bank Belgium

For the complete agenda including a list of academic panelists, please visit the [PRME Summit site](#).

If you have not yet registered for the PRME Summit, 7-8 June taking place at the sidelines of the EFMD Annual Conference, please click [here](#) for the online registration form.

---

### **Your school’s Sharing Information on Progress (SIP) report at the PRME Summit**

Your school’s direct participation is important, that is why we are requesting all schools that have submitted a **“Sharing Information on Progress (SIP)”** report to showcase them at the PRME Summit. Presenting your SIP at the PRME Summit will be an opportunity for your school to showcase its ongoing progress and continued support of PRME. If you have already submitted your report, send two copies to the address below. Your school’s report will be displayed at the PRME Summit.

EMFD- GRLI  
Att. Eline Loux  
Rue Gachard 88 box 3  
1050 Brussels  
Belgium

**If you have not yet submitted your report and your deadline has passed you have until 1 June 2011 to upload it to the PRME website and bring a copy with you to the PRME Summit for it to be displayed. All SIP reports will have a space for exhibition.**

- Please note that the Steering Committee passed a motion that changes the [PRME Sharing Information on Progress \(SIP\) policy](#). PRME signatories are now asked to report **at a minimum** once every 24 months instead of every 18 months. We understand that many institutions report annually and we highly encourage this practice. For those that may need more time or assistance the extra 6 months will allow you to contact the PRME Secretariat for any guidance you may need. Please contact Ms. Lisle Ferreira at [Ferreira@unglobalcompact.org](mailto:Ferreira@unglobalcompact.org) for any inquiries regarding your school's SIP report.

For those of you new to PRME please do not hesitate to get involved with one of [the PRME Working Groups](#). During the summer several of these groups will continue their work and start gearing up for the 2012 PRME Global Forum in May 2012 in Rio de Janeiro, Brazil at the sidelines of the [UN Conference for Sustainable Development](#) (Earth Summit).

Lastly, please check the PRME [events calendar](#) , [news items](#) and [facebook page](#) for the latest information on PRME.

With warm regards,

Mr. Jonas Haertle  
Head, PRME Secretariat
