DECLARATION

第三回 PRME Asia Forum 東京宣言

December 9, 2012

On December 8 and 9, 2012, we gathered at Keio University, Tokyo on the occasion of the 3rd PRME Asia Forum. During these two days of presentations and exchanges, we learned about the ongoing changes and many trials of responsible management education. It was an enlightening experience and many of us confirmed a future direction of management education.

It is our strong conviction that the global economy is inter-dependent and none of our business activities are isolated. Asian economies and businesses especially have a very important and crucial role for both the sustainability and healthy development of the world.

Given that common recognition, the participants of the 3rd PRME Asia Forum jointly declare the following:

We will continue trying to develop the PRME movement in Asia.
We will develop effective tools for education to enhance PRME.
We will develop a network among the Asian PRME signatories.
We will keep student sessions as an important part of PRME.

We promise to uphold the above to the best of our abilities.
